

VEINTISIETE – TWENTY-SEVEN

By Luis Martín & Vinos Sinceros

A short life, but plenty to say.

It's true that we like young wines.

We believe on them because they always say the truth.
They express their shelves as they are, without makeup, without masks.

We can read the vintage story trough them.
They have a short life, but plenty to say.

We decide to call this wine Twenty-seven in honour of the mythic rock club group, formed by great talent musicians, who lived short but intense life's: unforgettable, prolific but unfortunately short.

Janis, John, Jimmy, Kurt, Amy.
All of them live us when they were twenty-seven.

Tasting notes.

We recover a traditional style where a fruity character and the Tempranillo notes prime.

A short maceration that give us finesse with tension, without losing the Duero nuances.

A silky and round mouth.

A wine that shows it self as it is, gives rise to emotion when you drink it and you can really enjoy from the first sip.
