OTHER DATA: *The Merenzao, also called Bastardo, María Ordoña or Godello Tinto is a very rare Galician native grape that produces wines from elegant tannin, fruity and structured, which makes them unique. The winery dedicated several years to the recovery of this variety.*

With this wine we want to extrapolate the varietal aromas of the Merenzao to the wine, just without intervention, in short, that the wine it the same image of delicacy as the grape.
