MOLINO REAL MOUNTAIN WINES / Málaga

Canillas de Albaida  
29754 Competa, Málaga

## MR (2021)

MR is the gateway to the historic natural sweet wines of Malaga. Wine made with the little must obtained after pressing the golden raisins of the old vineyards of Cómpeeta.

### REGION

Málaga

### VILLAGE

Cómpeeta

### PLACES

Malacapa, Ventarral, Cerro Gourman, Alto la Zorra

### VARIETIES

100% Moscatel de Alejandría

### VITICULTURE

Vineyards of suppliers. Traditional, reasoned viticulture. 100% bushvines. Two harvests, manual in boxes; one from the vineyard to the drying place (“pasero”) and another one from there to the winery.

### ELABORATION AND AGING

Native yeast, spontaneous stop of fermentation. Aged for 10 months in stainless steel tanks.

### SOILS

Very steep vineyards facing south and west, located at around 550 meters asl. Shallow, stony and fine textured soils developed from Paleozoic schists.

### VINTAGE CHARACTERISTICS

The year began with a cold winter and snow, followed by high temperatures in April and May, which brought the harvest cycle forward. The rains in June and the heat wave at the beginning of August meant the loss of a large amount of the harvest and the appearance of mildew, although the grapes that were harvested showed good health. One of the shortest harvests in living memory, it was certainly an exceptional vintage for sweet wines.
